

Virginia Department of Aviation
Private Airports, Heliports, and Landing Areas in Virginia
Annual Private Airport Survey

Airport Name:

Mailing Address:

City, State, Zip:

The Virginia Department of Aviation is updating records regarding aircraft that were based at privately owned airports, heliports and landing area facilities during the calendar year 2025. Under *Virginia Aviation Regulation 24 VAC 5-20-350*, all Virginia licensed or registered airports are required to submit a physical count of all based aircraft.

Below is a list of aircraft that have been previously reported as being based at the facility identified above. Based aircraft include any aircraft that are physically located at the facility 90 days during the preceding 12-month period. The 90 days do NOT have to be consecutive. Types of aircraft include gliders, ultralights, balloons, and aircraft undergoing construction and repair.

Please review the information below, make any changes needed, sign, and return in the self-addressed envelope by January 31, 2026. Your participation is essential in helping us to maintain accurate information. If you have any questions, please contact the Aircraft Registration office at 804-774-4631 or aclicensing@doav.virginia.gov.

Thank you for your assistance.
